

Andrew Vella

Senior Systems Engineer, SPS APJ, Dell Technologies

With over a decade of experience in the IT industry, Andrew has held many roles, including 3 years as a SaaS developer before transitioning to infrastructure where he has spent the last 8 years in various positions.

As a subject matter expert in Mid-Range Storage Solutions, Software-Defined NAS, and Infrastructure as Code, Andrew is passionate about helping organizations in their journey towards Digital Transformation, with a particular focus around creating a seamless multicloud experience through DevOps and Automation. Andrew is a key contributor to the APJ Infrastructure as Code Avengers team, showcasing the art of the possible with numerous end-user automation demos on YouTube.
